MANAGEMENT INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON OCTOBER 6, 2016

This information is given as of September 7, 2016, unless otherwise noted.

All currency references are expressed in Canadian Dollars unless otherwise specified.

SOLICITATION OF PROXIES

This management information circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Sphinx Resources Ltd. (the “**Corporation**”) for use at the annual general and special meeting (the “**Meeting**”) of holders (the “**Shareholders**”) of common shares of the Corporation (the “**Common Shares**”), to be held on Thursday, October 6, 2016, at the time and location and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by Management of the Corporation. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Corporation. In addition, the Corporation shall, upon request, reimburse brokerage firms and other custodians for their reasonable expenses in forwarding proxies and related material to beneficial owners of Common Shares.

The record date for determination of the Shareholders entitled to receive notice of, and to vote at, the Meeting is August 25, 2016 (the “**Record Date**”). Only Shareholders whose names have been entered in the register of Shareholders at the close of business on the Record Date (the “**Registered Shareholders**”) will be entitled to receive notice of, and to vote at, the Meeting.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Corporation. Only Registered Shareholders will receive a form of proxy. Non-registered Shareholders will receive a voting instruction form, as further discussed under the heading “**Non-Registered Shareholders**” below.

A Registered Shareholder has the right to appoint a person to attend and act on his, her or its behalf at the Meeting other than the persons named in the enclosed instrument of proxy, should he, she or it chooses to do so. To exercise this right, the Registered Shareholder shall strike out the names of the persons named in the form of proxy and insert the name of his, her or its appointee in the blank space provided, or complete another proxy. The completed proxy should be deposited with the Corporation’s Registrar and Transfer Agent, Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, not later than 1:30 p.m. (Eastern time), on October 4, 2016 or not less than 48 hours (excluding Saturdays, Sundays and holidays) before the date of any adjournment or postponement of the Meeting.

The proxy must be dated and signed by the Registered Shareholder or by his or her attorney in writing, or if the Registered Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer.

In addition to revocation in any other manner permitted by law, a Registered Shareholder may revoke a proxy by an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing, or, if the Shareholder is a corporate entity, it must either be under its common seal, or signed by a duly authorized officer and deposited with the Corporation's Registrar and Transfer Agent, Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by Fax within North America at (416) 263-9524 or 1-866-249-7775, at any time up to and including the last day preceding the day of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

NON-REGISTERED SHAREHOLDERS

Only Registered Shareholders or duly-appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Corporation are "non-registered" shareholders because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. More particularly, a person is not a Registered Shareholder in respect of Common Shares which are held on behalf of that person (the "**Non-Registered Shareholder**") but which are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Shareholder deals with in respect of the Common Shares; or (b) in the name of a clearing agency of which the Intermediary is a participant. Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, TFSAs and similar plans. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms).

Non-Registered Shareholders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Corporation are referred to as "**NOBO's**". Those Non-Registered Shareholders who have objected to their Intermediary disclosing ownership information about themselves to the Corporation are referred to as "**OBO's**".

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Corporation has elected to send the Notice of Meeting, this Circular and the form of proxy (collectively, the "**Meeting Materials**") directly to the NOBO's. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them.

Meeting Materials sent to Non-Registered Shareholders who have not waived the right to receive them are accompanied by a request for voting instructions (a "**VIF**"). The VIF is used instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Non-Registered Shareholder is able to instruct the Registered Shareholder how to vote on behalf of the Non-Registered Shareholder. VIFs, whether provided by the Corporation or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit Non-Registered Shareholders to direct the voting of the Common Shares which they beneficially own. Should a Non-Registered Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on his, her or its behalf, the Non-Registered Shareholder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Shareholder or his, her or its nominee the right to attend and vote at the Meeting. **Non-Registered Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.**

All references to Shareholders in the Meeting Materials (including this Circular) are to Registered Shareholders, unless specifically stated otherwise.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed instrument of proxy will vote the Common Shares in respect of which they are appointed and, where directions are given by the Shareholder in respect of voting for, against or abstaining from voting on any resolution, the persons named in the enclosed instrument of proxy will do so in accordance with such direction.

In the absence of any direction in the proxy, it is intended that such Common Shares will be voted in favour of the motions proposed to be made at the Meeting as stated under the headings in this Circular. The enclosed instrument of proxy, when properly signed, confers discretionary authority with respect to amendments or variations to any matters, which may properly be brought before the Meeting. At the time of printing of this Circular, Management of the Corporation is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters, which are not now known to the Management, should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Circular and in particular with respect to the Eco-Niobium Resources Inc., the Green Palladium and the Calumet-Sud transactions, which each are further described in this Circular, none of the directors or executive officers of the Corporation, no proposed nominee for election as a director of the Corporation, none of the persons who have been directors or executive officers of the Corporation since the commencement of the Corporation's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, save and except for those matters pertaining to the incentive stock options.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares without par value. At the close of business on the Record Date, 49,560,555 Common Shares were issued and outstanding, each Common Share carrying the right to one vote. At a meeting of Shareholders of the Corporation, on a show of hands, every Shareholder present in person shall have one vote and on a poll, every Shareholder shall have one vote for each Common Share held.

Only Shareholders of record on the close of business on the Record Date, who either personally attend the Meeting or who complete and deliver a proxy in the manner and subject to the provisions set out under the heading "Appointment and Revocation of Proxies" will be entitled to have his, her or its Common Shares voted at the Meeting or any adjournment thereof.

To the knowledge of the directors and senior officers of the Corporation, except as described below, no Shareholder owns or exercises control or direction over, directly or indirectly, Common Shares carrying more than 10% of the voting rights attached to all outstanding Common Shares of the Corporation.

As at the Record Date, Gardin Inc. ("**Gardin**") and its principal and sole shareholder Michel Gauthier own or exercise control over 7,843,345 common shares, or 15.8% of the currently outstanding common shares, and up to 10,689,499 common shares, or up to 20.4% of the outstanding common shares assuming full issuances to Gardin under the Calumet Sud project acquisition agreement. However, the definitive agreement for the acquisition of the Calumet Sud project provides that in no event Gardin and its principals shall own at any time more than 19.9% of the outstanding common shares of the Corporation and share issuances contemplated in the Calumet Sud Agreement will be postponed until such time as this condition can be met.

Management understands that while a majority of the Common Shares is registered in the name of CDS & Co., such shares are beneficially owned through various dealers and other Intermediaries on behalf of their clients and other parties. The names of the beneficial owners of such Common Shares are not known to the Corporation.

The above information was provided by Management of the Corporation and the Corporation's registrar and transfer agent as of the Record Date.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No amounts are owed to the Corporation by any current or former directors, executive officers or employees of the Corporation, proposed nominees for election as a director of the Corporation or associates of any such individual at any time since the beginning of the last completed financial year of the Corporation.

STATEMENT OF EXECUTIVE COMPENSATION

In this section “**Named Executive Officer**” means (a) the Chief Executive Officer (or an individual who acted in a similar capacity) (the “**CEO**”), (b) the Chief Financial Officer (or an individual who acted in a similar capacity) (the “**CFO**”), (c) each of the Corporation’s three other most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and the CFO (except those whose total compensation does not exceed \$150,000), and (d) any additional individuals whose total compensation exceeded \$150,000 during the financial year ended February 29, 2016.

Currently, the Corporation has two Named Executive Officers, namely Normand Champigny, President and CEO and Ingrid Martin, CFO.

Compensation Discussion and Analysis

During the financial year ended February 29, 2016, the Named Executive Officers were compensated for their services as executive officers of the Corporation. See “Summary Compensation Table” below for details of the total compensation received by the Name Executive Officers for the financial years ended February 29, 2016, February 28, 2015 and February 28, 2014.

Normand Champigny Agreement

Effective July 1, 2014, the Corporation entered into a new employment agreement with Normand Champigny for his services as President and CEO of the Corporation. Pursuant to the employment agreement, Mr. Champigny was entitled to an annual amount of \$240,000 plus benefits up to November 30, 2015 when an amendment was signed (see further below). Mr. Champigny must devote a minimum of 90% of his working time to perform his duties of President and CEO of the Corporation. Mr. Champigny is not subject to non-competition or non-solicitation clauses.

Normand Champigny shall be entitled to participate in any incentive programs for the Corporation’s executives, including, without limiting the generality of the foregoing, share option plans, share purchase plans, stock appreciation rights, profit-sharing or bonus plans. Any bonuses paid will generally be tied to performance of the Corporation, measured by the increased value of the Corporation or its assets, attributable to the efforts of the Named Executive Officer (either alone or in conjunction with others).

The Corporation may terminate the employment agreement without cause and Normand Champigny may terminate the employment agreement for “Good Cause”, in which in either event, the Corporation shall be obligated to pay Normand Champigny an amount of (i) \$240,000 or (ii) an amount of \$480,000 if the revenues of the Corporation (as stated in the Corporation’s audited financial statements) are a minimum of \$100 million in the preceding 12-month period prior to the termination date.

Notwithstanding any other provision in Normand Champigny’s employment agreement, if within 12 months following a change of control of the Corporation (as defined below), Normand Champigny’s employment is terminated by the Corporation without Good Cause or, in the event Normand Champigny terminates his employment agreement for Good Cause, he will receive as severance an amount of \$240,000. For the purposes of Normand Champigny’s employment agreement, a “change of control” is defined as follows:

- (a) the acquisition, directly or indirectly, by any person or group of persons acting jointly or in concert, as such terms are defined in the *Securities Act* (Québec), of Common Shares which, when added to all other Common Shares held directly or indirectly by such person or persons acting jointly or in concert, constitutes for the first time in the aggregate 25% or more of the outstanding Common Shares and such shareholding exceeds the collective shareholding of the current directors of the Corporation, excluding any directors acting in concert with the acquiring party;

- (b) the removal, by extraordinary resolution of the Shareholders, of more than 51% of the then incumbent Board, or the election of a majority of the members of the Board to the Board who were not nominees of the incumbent Board at the time immediately preceding such election;
- (c) consummation of a sale of all or substantially all of the assets of the Corporation; or
- (d) the consummation of a reorganization, plan of arrangement, merger or other transaction which has substantially the same effect as (a) (b) or (c) above.

Notwithstanding the provisions set out above, in the event the Corporation sells all or substantially all of its assets, and Normand Champigny's employment is not terminated by the Corporation, Normand Champigny shall be entitled to a bonus commensurate with the value received by the Corporation, as determined by the Board.

On January 22, 2016, an amended to Normand Champigny's employment agreement was signed and the following was confirmed:

- (a) As at November 30, 2015, Normand Champigny agreed to wave \$120,000 of the amount owed to him as per his employment agreement;
- (b) Effective November 30, 2015, the employment agreement was amended to reduce the salary from \$240,000 per year to \$120,000 per year.

Ingrid Martin CPA inc. Agreement

On March 20, 2014 the Corporation entered into a consulting agreement with Ingrid Martin CPA inc. ("IMCPA") pursuant to which IMCPA has agreed to provide, as an independent contractor, certain accounting, financial, administrative and secretarial services to the Corporation for a monthly fee based on certain agreed upon hourly rates for the services provided. The services to be provided by IMCPA include, among other things, preparing quarterly and annual financial statements and management's discussion and analysis, assisting the Corporation's auditors during audit of the annual financial statements, preparing tax returns, bookkeeping, filing continuous disclosure documents on SEDAR and providing general administration and secretarial services for the Corporation. The hourly rates charged by IMCPA for secretarial, administrative, financial and accounting services are consistent with industry standards. Mrs. Martin is not subject to non-competition or non-solicitation clauses.

During the term of the IMCPA agreement, Ingrid Martin, President of IMCPA has agreed to act as the CFO of the Corporation effective as of April 30, 2014 and Corporate Secretary as of May 12, 2015.

Ingrid Martin shall be entitled to participate in any incentive programs for the Corporation's executives, including, without limiting the generality of the foregoing, share option plans, share purchase plans, stock appreciation rights, profit-sharing or bonus plans. Any bonuses paid will generally be tied to performance of the Corporation, measured by increased value of the Corporation or its assets, attributable to the efforts of the Named Executive Officer (either alone or in conjunction with others).

The Corporation will pay a lump sum equivalent to 4 months of consulting fees in the event one of the following conditions occurs:

- (b) change of business of the Corporation whereby by a transaction or series of transactions which will redirect the Corporation's resources and which changes the nature of its business, for example, through the acquisition of an interest in another business which represents a material amount of the Corporation's market value, assets or operations, or which becomes the principal enterprise of the Corporation;
- (c) change of control of the Corporation which includes situations where after giving effect to the contemplated transaction and as a result of such transaction: (i) any one person holds a sufficient number of the voting shares of the Corporation or resulting entity to affect materially the control of the Corporation or resulting entity, or (ii) any combination of persons, acting in concert by virtue of an agreement, arrangement, commitment or understanding, hold in total a sufficient number of the voting shares of the Corporation or resulting entity to affect materially the control of the Corporation or resulting entity; where such person or combination of persons did not previously hold a sufficient number of voting shares to affect materially the control of the Corporation or resulting entity;

- (d) there occurs a change in the composition of the Board, which occurs at a single meeting of the Shareholders, or a succession of meetings of the Shareholders occurring within 6 months of one another, whereby such individuals who were members of the Board immediately prior to such meeting or succession of meetings cease to constitute a majority of the Board, as constituted immediately prior to such meeting or meetings, approving of such change;
- (e) a sale of substantially all the assets of the Corporation to another person. Person meaning any individual, corporation or other entity;
- (f) the Corporation materially alters the duties and responsibilities of IMCPA without its prior written consent;
- (g) the Corporation materially breaches the terms of the IMCPA agreement and the failure of the Corporation to cure such breach within thirty (30) days; or
- (h) discontinuance of the active operation of business of the Corporation or insolvency of the Corporation or the filing by or against the Corporation of a petition in bankruptcy or for reorganization or restructuring or pursuant to applicable insolvency or bankruptcy legislation.

Base Compensation

Each executive officer of the Corporation receives a base compensation, which constitutes the largest part of the executive officer's compensation package. Base compensation is recognition for discharging job responsibilities and reflects the executive officer's performance over time, as well as his or her particular experience and qualifications. The overall base compensation for each of Normand Champigny and Ingrid Martin is determined on the basis of particular experience and specific qualifications.

More particularly as it relates to the financial years ended February 29, 2016 and February 28, 2015, the base compensation for Mr. Champigny was determined on the basis of his knowledge of, and his unique experience in, the industry in general and more precisely of the mining community in the Province of Québec, where the Corporation's interests are currently located. In addition, the ability for the Corporation to implement its strategy in the short, mid and long-term is dependent upon its ability to recruit and retain highly-skilled management. The Corporation believes that in order to achieve such strategy, it needs to maintain a relatively-competitive base compensation structure *vis-à-vis* its peers. Nevertheless, the Corporation adjusted Normand Champigny's compensation effective November 30, 2015 due to financial constraints.

Benefits and Perquisites

The Corporation's President and Chief Executive Officers benefits of monthly allowances for the purposes in particular, of personal insurance and travel expenses. Such benefits and perquisites are designed to be competitive with the market comparators.

Compensation Committee

Historically, responsibility for the review and determination of compensation of the Corporation's executive officers had been delegated to the Corporation's compensation committee (the "**Compensation Committee**"). For the financial year ended February 28, 2014, responsibility for the review and determination of compensation of the Corporation's executive officers has been assumed by the Board. The activities of the Compensation Committee resumed on March 1, 2014. The Compensation Committee has no written charter. The following are the current members of the Compensation committee: François Biron, John W. W. Hick and Kerry E. Sparkes (chair).

Option-based Awards

The Corporation has a stock option plan whereby the Board may grant options to directors, officers, employees or consultants. The exercise price associated with each grant of options is determined by the Corporation and is subject to the policies of the Exchange. The maximum term of each option is 10 years. The options vest on a basis as determined by the directors or a committee thereof at the time of grant.

The stock option plan (the "Stock Option Plan") was last approved by the Shareholders on October 17, 2012. In June 2014, the Board approved certain changes to the Stock Option Plan, which was approved by the Exchange. The reason for these changes was to maintain the incentive for a longer period considering the stability of the participants and the business model of the Corporation and also to incorporate the numerous amendments brought recently to the Exchange's policy relating to stock options. Following is a summary of the main changes to the Stock Option Plan:

- The maximum number of common shares that can be issued upon exercise of stock options granted under the Stock Option Plan was equal to 1,543,000 Common Shares;
- The option price shall not be less than the price on the Exchange on the close of the previous trading day, provided that certain conditions are met as defined in the Stock Option Plan.

On July 28, 2016, the Stock Option Plan was amended to increase the number of Common Shares reserved for issuance to 4,700,000.

The purpose of granting such options is to assist the Corporation in compensating, attracting, retaining and motivating its directors, officers, employees or consultants, and to closely align the personal interests of such persons to that of the Shareholders. In general, the Compensation Committee determines the number of options granted annually according to the level of responsibility and authority of each of the officers and the appropriate number of options to directors, employees and consultants. The total amount of stock options issued over the past years is looked at but does not have a material impact on the number of options to be granted to the directors, officers employees or consultants. The exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange (the “Exchange” or the “TSXV”).

During the financial year ended February 29, 2016, no stock options were granted.

Compensation Governance

Considering that the compensation package of the Corporation is composed mainly of the base compensation and stock options grants, neither the Board nor the Compensation Committee considers any specific risk associated with the compensation policies and practices of the Corporation. In the event the Corporation elects to include the achievement of performance goals in its compensation package, the Board and/or the Compensation Committee will then have to determine whether risks should be considered or not. Recently, the Corporation has made significant changes to its compensation practices and currently expects to make additional significant changes to its compensation policies and practices in the next financial year.

Directors, officers and employees of the Corporation are prohibited from hedging securities of the Corporation that they beneficially own, or over which they exercise control or direction, directly or indirectly, including trading in publicly traded options, puts, calls or other derivative instruments related to the Corporation’s securities, if any.

The following table sets forth all annual and long term compensation for services paid to or earned by the Named Executive Officers for the three most recently completed financial years ended February 29, 2016, February 28, 2015 and February 28, 2014.

Long Term Incentive Plan (LTIP) Awards

The Corporation does not have any long-term incentive plans and, except as disclosed above, no remuneration payments were made, directly or indirectly, by the Corporation to its Named Executive Officers during the year ended February 29, 2016.

An LTIP means “any plan providing compensation intended to serve as an incentive for performance to occur over a period longer than one fiscal year whether performance is measured by reference to financial performance of the Corporation or an affiliate or the price of the Common Shares but does not include option or stock appreciation rights plans or plans for compensation through restricted shares or units”.

Outstanding Share-Based Awards and Option-Based Awards

The Corporation does not currently have a share-based awards program.

The Corporation currently has in place a stock option plan for the purpose of attracting and motivating directors, officers, employees and consultants of the Corporation and advancing the interests of the Corporation by affording such persons with the opportunity to acquire an equity interest in the Corporation through rights granted under the plan to purchase shares of the Corporation.

The following table discloses the particulars of the option-based awards granted to the Named Executive Officers under the Corporation’s stock option plan as at February 29, 2016:

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of management of the Corporation, no informed person or proposed director of the Corporation, or any associate or affiliate of an informed person or proposed director, has or had any material interest, direct or indirect, in any transaction since the commencement of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries other than as set out herein, and in particular with respect to (i) the interest of Normand Champigny (Suite 2100-1000 rue De La Gauchetière Street West, Montréal, Québec, H2V 3P9), Kerry E. Sparkes (15 Southwind Terrace, Oakville, Ontario, L6L 6K6) and John W.W. Hick (347 Inglewood Drive, Ontario M4T 1J7) in the transaction with Eco-Niobium Resources Inc. described below and (ii) the interest of Michel Gauthier (444 Bordeleau Street, Magog, Québec, J1X 0M9) in the transactions between Gardin and the Corporation described below. The term "**informed person**" as defined in National Instrument 51-102 *Continuous Disclosure Obligations* means (a) a director or executive officer of the Corporation, (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Corporation, and (c) any person or company who beneficially owns, or controls or directs, directly or indirectly, voting securities of the Corporation or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Corporation.

The Eco-Niobium Resources Inc. Transaction

Debenture Subscription Agreement

On July 26, 2016, the Corporation announced that it had entered into an agreement (the “**Debenture Subscription Agreement**”) with Eco-Niobium Resources Inc. (“**Eco-Niobium**”) providing for an investment by the Corporation in up to three unsecured convertible debentures (the “**Debentures**”) of Eco-Niobium in the aggregate principal amount of up to \$250,000 (the “**Eco-Niobium Investment**”). The Debentures will each mature 36 months after their respective issuance and bear interest at a rate of 3% per year. At maturity, both principal and accrued but unpaid interest under the Debentures must be repaid in cash.

The Eco-Niobium Investment is set to be consummated in three separate closings, subject to the second and third closings being at the option of the Corporation and to the following closing conditions being met on or prior to each closing: (i) the TSXV and the Shareholders must have authorized the Eco-Niobium Investment in accordance with the policies of the TSXV; (ii) Eco-Niobium must not be in default on or prior to such closing; and (iii) all of the shareholders of Eco-Niobium must undertake in writing to sign a shareholders’ agreement with the Corporation and Eco-Niobium (the “**Shareholders’ Agreement**”) upon conversion of the Debentures. To the extent such closing conditions are satisfied and the Corporation exercise its option, the three closings are expected to close on or prior to March 31, 2017.

The Debentures can be converted, at the option of the Corporation or Eco-Niobium, at any time and from time to time prior to maturity, in whole or in part, into Class A common shares of Eco-Niobium (“**Eco-Niobium Shares**”) at the conversion price per share of \$5.00 (subject to customary adjustments).

Assuming all conditions of the TSXV and all closing conditions are satisfied on or prior to March 31, 2017 and the three closings occur, once the Debentures will have been converted into Eco-Niobium Shares, the Corporation will hold 5% of the outstanding Eco-Niobium Shares on a fully-diluted basis. In the event that only one or two closings take place, the percentage of Eco-Niobium Shares held by the Corporation will be pro-rated accordingly.

The Shareholders’ Agreement will also provide that the Corporation shall have the option to subscribe for additional Eco-Niobium Shares in consideration for a price to be established based on the then applicable fair market price (the “**Additional Eco-Niobium Share Purchase Option**”), such as the Corporation would hold up to 20% of the Eco-Niobium Shares on a fully diluted basis assuming the exercise in full by the Corporation of the Additional Eco-Niobium Share Purchase Option.

Information about Eco-Niobium and the Oka Niobium Project

Founded in February 2016, Eco-Niobium is a private corporation that has for mission the furthering of social acceptability and sustainability of hydraulic, energy, agriculture and mineral resource development in Oka, Québec. Eco-Niobium is proposing an exclusive and innovative alternative to Niocan Inc. (“**Niocan**”) with respect to a potential niobium project in Oka. In the Oka area, Eco-Niobium has currently no rights to, or interest in, the mining lease and claims held by Niocan, nor does it have any other applicable mining rights.

Michel Gaucher currently owns or controls, directly or indirectly, all of the issued and outstanding Eco-Niobium Shares. The board of directors of Eco-Niobium is currently composed of Michel Gaucher, Dominique Pion, Normand Champigny, Kerry E. Sparkes, John W.W. Hick and David Gaucher.

The net proceeds of the Eco-Niobium Investment will be used for general corporate purposes and to advance the mining projects of Eco-Niobium, including the social acceptability aspects of a niobium project in Oka, Québec, which is conceptually distinct from the niobium mine project proposed to date by Niocan.

Eco-Niobium’s new concept contemplates: (i) the protection of the integrity of agricultural land; (ii) the treatment of mine water to a potable quality level; (iii) the supply of potable water to surrounding residences and farms; (iv) the disposal of tailings below surface preventing dust generation; (iv) the rehabilitation of the old St. Lawrence Columbian mine site through the establishment of greenhouse supported agriculture using the geothermal potential of water from the mine; (v) the export of the concentrate containing niobium and uranium; (vi) the procedures for the monitoring and control of radon generated by the rock; and (vii) significant economic benefits for the Oka region.

As reported by Eco-Niobium in its news release of March 23, 2016, Eco-Niobium's understanding of the current situation of Niocan's mining rights in the Oka area include the following: (i) Niocan's mining rights include 117 claims (the "**Claims**") and a mining lease (the "**Mining Lease**") which, by its terms expires on July 20, 2020; (ii) Niocan published in January 2000 a feasibility study which was prepared by the Met-Chem/SNC Lavalin consortium (the "**Feasibility Study**"); (iii) in 2011, the Feasibility Study was downgraded to a preliminary economic assessment and, following the notice from the *Autorité des marchés financiers*, a second independent technical report under *National Instrument 43-101 - Standards of Disclosure for Mineral Projects* (the "**Report**") on the geological model and estimation of niobium resources of the S-60 zone, Oka, Québec, was prepared in November 2011 by Serge Lavoie, ing., and Jean-Claude Caron, ing.; (iv) the authors of the Report recommended a work program to regain the feasibility status as well as an intense dialogue (section 19, paragraph 9) with the local populations in order to understand and satisfy their concerns, and, to Eco-Niobium's knowledge and after discussions with the Municipality of Oka, the work program was not performed and no apparent dialogue has taken place; (v) in order to extend the Mining Lease, a mining operation must have been in production for two (2) years prior to its expiry on July, 20 2020, which means production would have to be commenced by July 20, 2018; and (vi) the communities of Oka and Kanesatake are well informed about the current status of the Mining Lease and Claims, as well as the technical issues related to Niocan's project, and the communities and a number of NGOs in the past have also announced periodically their intention to oppose Niocan's project.

Eco-Niobium's team members have a deep understanding of mining and the niobium market. Eco-Niobium has designed a totally new and exclusive development concept, which it has been presenting to the population of Oka and Kanesatake since March 2016 through information meetings. In the event that there is an opportunity to secure a new mining lease in the future, the Corporation believes Eco-Niobium has the necessary experience and support to move a new and innovative development project forward.

Given the strong knowledge acquired by the Corporation in the niobium space in the last two years, the proposed Eco-Niobium Investment is a strategic transaction for the Corporation which has for objective to enhance shareholder value by affording the Corporation the opportunity to be exposed to a niobium-related project.

TSXV Approval

The Eco-Niobium Investment constitutes a "reviewable transaction" under Policy 5.3 of the TSXV, and is therefore subject to the approval of the TSXV. On July 14, 2016, the TSXV has conditionally accepted the Eco-Niobium Investment, subject to the Corporation fulfilling all of the requirements of the TSXV, including among others obtaining the approval of the Eco-Niobium Investment by a majority of the votes cast by Shareholders present in person or represented by proxy at a shareholder meeting, excluding the votes attached to Common Shares held by "non-arms' length parties" (the "**Eco-Niobium Approval Resolution**"). The Eco-Niobium Investment involves "non-arms' length parties" as a result of three directors of the Corporation also being directors of Eco-Niobium, namely Normand Champigny, Kerry E. Sparkes and John W.W. Hick. Consequently, the votes attached to the Common Shares held by Normand Champigny, Kerry E. Sparkes and John W.W. Hick will be excluded from the vote on the Eco-Niobium Resolution. The Eco-Niobium Approval Resolution will be submitted to the vote of disinterested shareholders at a special meeting to be scheduled at a later date instead of at the Meeting.

The scope of the TSXV's conditional acceptance does not include the Additional Eco-Niobium Share Purchase Option and the TSX-V has requested that the Corporation apply for approval by the TSXV of the Additional Eco-Niobium Share Purchase Option prior to its exercise if the Corporation determines to exercise such option.

Bridge Loan to Eco-Niobium

Nonetheless, the TSXV has authorized the Corporation to make a bridge loan of up to \$250,000 in principal amount to Eco-Niobium in one or more tranches provided such loan is not convertible in Eco-Niobium Shares and is secured by hypothec over all of the present and future assets of Eco-Niobium.

On July 26, 2016, the Corporation announced it had advanced a bridge loan in the principal amount of \$85,000, bearing interest at the rate of 3% per annum, and maturing in 36 months (the "**Bridge Loan**"). In accordance with requirements of the TSX-V, the Bridge Loan is not convertible into Eco-Niobium Shares and is secured by a movable hypothec on all present and future movable assets of Eco-Niobium. To the extent Eco-Niobium would acquire in the future any immovable assets or mining rights, Eco-Niobium has agreed to grant to the Corporation an immovable hypothec on such future assets and rights.

The Debenture Subscription Agreement provides the Corporation with the option to pay the subscription price for the Debentures by cancelling the Bridge Loan on the basis of \$1 of principal under the Bridge Loan per \$1 of principal of Debentures, waiving any accrued interest and discharging any hypothec granted by Eco-Niobium.

Shareholders' Agreement

The Shareholders' Agreement will be entered into by the Corporation, Eco-Niobium and its shareholders once at least one of the Debentures is converted into Eco-Niobium Shares and will include customary provisions for private companies such as pre-emptive rights on future share issuances by Eco-Niobium, restrictions on share transfers, a right of first refusal on share transfers, a drag-along provision and a tag-along provision. Pursuant to the Shareholders' Agreement, the Corporation will have the right to nominate three directors on a board of seven. The other directors will be nominated by Michel Gaucher, who on the date of this Circular directly or indirectly owns or controls all of issued and outstanding Eco-Niobium Shares.

The Corporation will also have veto rights on certain important decisions, including any material change to the nature of Eco-Niobium's business, any steps to wind-up or dissolve Eco-Niobium, any change in the number of directors, and the employment of any person with an annual salary in excess of \$300,000.

All shareholders of Eco-Niobium, including the Corporation and Michel Gaucher, will be subject to a three-year non-competition obligation in the domain of development, exploration and exploitation of niobium mines.

Eco-Niobium will be required to hire as its accountant the financial director selected by the Corporation and, within one year of the execution of the Shareholders' Agreement, Mr. Normand Champigny, as co-manager of the Oka mining project.

Pursuant to the Shareholders' Agreement, Eco-Niobium will agree to seek an initial public offering of the Eco-Niobium Shares on the TSXV no later 24 months following the signature of the Shareholders' Agreement.

The Green Palladium Transaction

On March 12, 2015, the Corporation signed a definitive agreement with Amixam Resources Inc. ("**Amixam**") for the acquisition of 100% of the Green Palladium project, located in the Pontiac MRC, adjacent to the Quebec Abitibi-Temiscamingue region. Under the terms of this agreement, the Corporation acquired the Green Palladium project by issuing 4,000,000 Common Shares, valued at \$160,000 based on the TSX-V share price of \$0.04 on the date of the share issuance. Another 461,536 common shares were issued in February 2016, valued at \$6,923 based on the TSXV price of \$0.015 on the date of the share issuance. Amixam was granted with a 2% of net smelter return ("**NSR**"). In addition, the Corporation must complete the following exploration work, failing which the project will be returned to Amixam:

Michel Gauthier, sole shareholder and president of Gardin, was elected director of the Corporation on August 27, 2015. On November 2, 2015, Gardin announced it had acquired from Amixam on a private placement basis for an aggregate purchase price of \$75,000 direct ownership of the 4,000,000 common shares of the Corporation and the rights to receive the additional 461,536 shares pursuant to the Green Palladium project acquisition agreement, representing a price of approximately \$0.01681 per share of the Corporation.

The Calumet-Sud Transaction

On August 6, 2015 (as amended on March 25, 2016), the Corporation signed a definitive agreement with Gardin, whose sole shareholder and president is Michel Gauthier, for the acquisition of 100% of the Calumet-Sud project in the Pontiac MRC in southwestern Québec. The Corporation acquired the project by issuing 1,384,615 Common

Shares, valued at \$41,538 based on the Exchange share price of \$0.03 on the date of the share issuance. Another 1,923,077 common shares will be issued at the earliest on August 6, 2016 and 2,846,231 common shares at the earliest on August 6, 2017, under certain conditions. One of these conditions is that Gardin (and Gardin’s affiliates and joint actors) would beneficially own no more that 19.9% of the common shares of Sphinx outstanding immediately after giving effect to such issuance.

The Corporation must complete the share issuances failing which the project will be return to Gardin. A 2% NSR royalty was granted to Gardin.

On March 25, 2016, the Corporation signed an option and joint venture agreement with SOQUEM to grant SOQUEM the option to acquire an undivided 50% interest in the Calumet-Sud project. SOQUEM will be the operator during the option period. Upon the exercise of the option, a joint venture would be created between the Corporation and SOQUEM.

Before March 31, 2016, SOQUEM must pay \$93,000 to Gardin and \$7,000 to the Corporation (completed in March, 2016). Also, SOQUEM must fund \$450,000 in exploration expenditures as follows:

The Corporation must also, pursuant to the provisions of National Instrument 52-110 *Audit Committees* (“**NI 52-110**”), have a written charter which sets out the duties and responsibilities of the ARMC Committee. In providing the following disclosure, the Corporation is relying on the exemption provided under NI 52-110, which allows for the short form disclosure of the audit committee procedures of venture issuers.

ARMC’s Charter

Mandate

The primary function of the ARMC is to assist the Board in fulfilling its financial oversight responsibilities by

reviewing the financial reports and other financial information provided by the Corporation to regulatory authorities and shareholders, the Corporation's systems of internal controls regarding finance and accounting, and the Corporation's auditing, accounting and financial reporting processes. Consistent with this function, the ARMC Committee will encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels. The ARMC's primary duties and responsibilities are to:

- serve as an independent and objective party to monitor the Corporation's financial reporting and internal control systems and review the Corporation's financial statements;
- review and appraise the performance of the Corporation's external auditors; and
- provide an open avenue of communication among the Corporation's auditors, financial and senior management and the Board.

Composition

The ARMC shall be comprised of at least three directors as determined by the Board, a majority of whom must not be executive officers, employees or control persons of the Corporation or of an affiliate thereof that, in the opinion of the Board, would reasonably interfere with the exercise of his or her independent judgment as a member of the ARMC. At least one member of the ARMC should have accounting or related financial management expertise. All members of the ARMC that are not financially literate must work towards becoming financially literate within a reasonable period of time to obtain a working familiarity with basic finance and accounting practices. For the purposes of the ARMC's charter (the "**Charter**"), the definition of "financially literate" is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Corporation's financial statements. The members of the ARMC shall be elected by the Board at its first meeting following the annual shareholders' meeting.

Meetings

The ARMC shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the ARMC will meet at least annually with the Chief Financial Officer and the external auditors in separate sessions.

Responsibilities and Duties

To fulfill its responsibilities and duties, the ARMC shall:

Documents/Reports Review

- (a) Review and update the Charter annually.
- (b) Review the Corporation's financial statements, MD&A and any annual and interim earnings, press releases before the Corporation publicly discloses this information and any reports or other financial information (including quarterly financial statements), which are submitted to any governmental body, or to the public, including any certification, report, opinion, or review rendered by the external auditors.
- (c) Confirm that adequate procedures are in place for the review of the Corporation's public disclosure of financial information extracted or derived from the Corporation's financial statements.

External Auditors

- (a) Review annually, the performance of the external auditors who shall be ultimately accountable to the Board and the ARMC as representatives of the shareholders of the Corporation.

- (c) Review and discuss with the external auditors any disclosed relationships or services that may impact the objectivity and independence of the external auditors.

- (d) Take, or recommend that the full Board, take appropriate action to oversee the independence of the external auditors.
- (e) Recommend to the Board the selection and compensation and, where applicable, the replacement of the external auditors nominated annually for shareholder approval.
- (f) At each meeting, consult with the external auditors, without the presence of management, about the quality of the Corporation's accounting principles, internal controls and the completeness and accuracy of the Corporation's financial statements.
- (g) Review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditors of the Corporation.
- (h) Review with management and the external auditors the audit plan for the year-end financial statements and intended template for such statements.
- (i) Review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, and any non-audit services, provided by the Corporation's external auditors. The pre-approval requirement is waived with respect to the provision of non-audit services if:
 - (i) the aggregate amount of all such non-audit services provided to the Corporation constitutes not more than five percent of the total amount of fees paid by the Corporation to its external auditors during the fiscal year in which the non-audit services are provided;
 - (ii) such services were not recognized by the Corporation at the time of the engagement to be non-audit services; and
 - (iii) such services are promptly brought to the attention of the ARMC by the Corporation and approved prior to the completion of the audit by the ARMC or by one or more members of the ARMC who are members of the Board to whom authority to grant such approvals has been delegated by the ARMC. Provided the pre-approval of the non-audit services is presented to the ARMC's first scheduled meeting following such approval, such authority may be delegated by the ARMC to one or more independent members of the ARMC.

Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”), the Corporation is required to disclose its corporate governance practices, as summarized below. The Board will monitor such practices on an ongoing basis and when necessary implement such additional practices as it deems appropriate.

Board of Directors

The Board is currently composed of six directors, namely Normand Champigny, John W. W. Hick, Michel Gauthier, François Biron, Ingrid Martin and Kerry E. Sparkes. All the proposed nominees are currently directors of the Corporation.

NP 58-201 suggests that the board of directors of a public company should be constituted with a majority of individuals who qualify as “independent” directors. An “independent” director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to materially interfere with the director’s ability to act with a view to the best interests of the Corporation, other than interests and relationships arising from shareholding. Of the proposed nominees of the Corporation, François Biron,

François Biron, John W. W. Hick and Kerry E. Sparkes are considered by the Board to be “independent” within the meaning of NI 58-101, Normand Champigny and Ingrid Martin are management directors and accordingly are considered to be “non-independent”, and Michel Gauthier has a direct or indirect material relationship with the Corporation as a result of being the sole shareholder and president of Gardin, a holder of more than 10% of the issued and outstanding Common Shares of the Corporation and a party to the property acquisition agreements described under “Interest of Informed Persons in Material Transactions” above, and is accordingly considered to be “non-independent”.

Orientation and Continuing Education

Each new director is given an outline of the nature of the Corporation’s business, its corporate strategy, and current issues within the Corporation. New directors are also required to meet with management of the Corporation to discuss and better understand the Corporation’s business and are given the opportunity to meet with counsel to the Corporation to discuss their legal obligations as directors of the Corporation.

In addition, management of the Corporation takes steps to ensure that its directors and officers are continually updated as to the latest corporate and securities policies which may affect the directors, officers and committee members of the Corporation as a whole. The Corporation continually reviews the latest securities rules and policies and is on the mailing list of the Exchange to receive updates to any of those policies. Any such changes or new requirements are then brought to the attention of the Corporation’s directors either by way of director or committee meetings or by direct communications from management to the directors.

Ethical Business Conduct

The Board has adopted a written Code of Ethical Conduct (the “**Code**”) for its directors, officers and employees. As one measure to ensure compliance with the Code, the Board has also established a Whistleblower Policy which details complaint procedure for financial concerns. The full text of these standards is available free of charge to any person upon request to the Corporation at 1000 De La Gauchetière Street West, Suite 2100, Montréal, Québec, H3B 4W5 (Telephone: 514-979-4746).

In addition, as some of the directors of the Corporation also serve as directors and officers of other companies engaged in similar business activities, the Board must comply with the conflict of interest provisions of the *Canada Business Corporations Act*, as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke any such conflict.

Nomination of Directors

The Corporation’s management is continually in contact with individuals involved in the mineral exploration industry and public sector resource issuers. From these sources the Corporation has made numerous contacts and in the event that the Corporation were in a position to nominate any new directors, such individuals would be brought to the attention of the Board. The Corporation conducts the due diligence, reference and background checks on any suitable candidate. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required and a willingness to serve.

Compensation

The Compensation Committee has the responsibility for determining the compensation of the Corporation’s President and Chief Executive Officer and does so with reference to industry standards and the Corporation’s financial situation. The Compensation Committee has the responsibility for determining the compensation of the directors who currently are not compensated in their capacity as directors but do receive stock options. The following are the current members of the Compensation Committee:

John W. W. Hick	Independent ⁽¹⁾
Kerry E. Sparkes (chair)	Independent ⁽¹⁾
François Biron	Independent ⁽¹⁾

Note:

1. As defined by NI 52-110.

Governance and Nominating Committee

Since October 2, 2014, the Corporation has a Governance and Nominating Committee. The Governance and Nominating Committee has no charter. Normand Champigny, François Biron (chair) and Kerry E. Sparkes are members of the Governance and Nominating Committee.

The Governance and Nominating Committee has the mandate to monitor the implementation and management of such actions or measures, or of corporate policies and guidelines adopted by regulatory authorities or the board. It is also responsible for establishing practices which must be followed and should be in line with corporate governance rules

and guidelines in effect from time to time by relevant authorities. The committee is also responsible for recommending to the board in the assessment of the nomination the performance of senior officers, of the board and its committees and of individual directors.

Committees

The Corporation currently has an ARMC, a Compensation Committee and a Governance and Nominating Committee.

Assessments

As the Corporation is a venture issuer with limited administration resources, the Board works closely with management and, accordingly, is in a position to assess individual director's performance on an ongoing basis.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

A. RECEIPT OF FINANCIAL STATEMENTS

The audited financial statements of the Corporation for the fiscal year ended February 29, 2016 and the report of auditor thereon will be presented at the Meeting.

B. APPROVAL TO AMEND ARTICLES TO INCREASE MAXIMUM NUMBER OF DIRECTORS OF THE CORPORATION

At the Meeting, Shareholders will be asked to consider and, if thought advisable, to pass the following special resolution authorizing the Corporation to amend its articles to increase the maximum number of directors of the Corporation from six (6) to ten (10) (the "**Articles Amendment Resolution**"):

"TO BE RESOLVED as a special resolution of the Corporation that:

1. The Corporation is hereby authorized pursuant to Section 173(1)(m) of the *Canada Business Corporations Act* ("**CBCA**") to amend its articles to increase the maximum number of directors of the Corporation from six (6) to ten (10) (the "**Amendment**");
2. Any director or officer of the Corporation be, and each of them hereby is, authorized and empowered, acting for, in the name of and on behalf of the Corporation, to execute, under the seal of the Corporation or otherwise, and to deliver for filing with the Director under the CBCA articles of amendment in respect of the Amendment and such other documents as are necessary or desirable in connection with the Amendment;
3. The directors of the Corporation are hereby authorized and empowered, in their sole discretion, not to proceed with the Amendment; and
4. Any one director or officer of the Corporation is hereby authorized and directed for and in the name of and on behalf of the Corporation to execute or cause to be executed and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, as in the opinion of such director or officer may be necessary or desirable in order to carry out the terms of this resolution, such determination to be conclusively evidenced by the execution and delivery of such documents or the doing of any such act or thing."

To be approved, the Articles Amendment Resolution requires the approval of not less than two-thirds of the votes cast by or on behalf of Shareholders present in person or represented by proxy at the Meeting.

Management of the Corporation is of the view that the proposed amendment to the articles of the Corporation to increase the maximum number of directors of the Corporation from six (6) to ten (10) will enable the Corporation to maintain a diversity of views and experience among the directors of the Corporation and ensure that as the Corporation grows, the Board of Directors is of an adequate size to fulfill its stewardship responsibilities. **The Board unanimously recommends that Shareholders vote FOR the Articles Amendment Resolution.**
